

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
SAN FRANCISCO BAY REGION

ORDER NO. 77-99

NPDES NO. CA0038105

TO ADOPT A REVISED COMPLIANCE  
TIME SCHEDULE FOR:

ESTERO MUNICIPAL IMPROVEMENT DISTRICT  
SAN MATEO COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region, finds that:

1. The Regional Board on December 6, 1974, adopted Order No. 74-165 (NPDES Permit No. CA0038105) prescribing waste discharge requirements and compliance time schedule for the Estero Municipal Improvement District.
2. Section 301(b) of the Federal Water Pollution Control Act Amendments of 1972 requires all publicly-owned treatment works to achieve effluent limitations based upon secondary treatment no later than July 1, 1977. Secondary treatment has been defined by the EPA Administrator in 40 CFR 133, dated July 26, 1976.
3. The discharger cannot achieve compliance with effluent limitations based upon secondary treatment by July 1, 1977, because of construction delays in completion of the San Mateo Treatment Plant which will treat the District's waste.
4. The Board has under consideration the adoption of an Enforcement Order for Issuance of a Time Schedule for compliance with secondary effluent limitations which cannot be achieved by July 1, 1977.
5. This project involves the continued operation of a publicly-owned facility to provide sewerage service with negligible or no expansion of use beyond that previously existing. Consequently, this project will not have a significant effect on the environment based upon the exemption provided in Section 15101, Title 14, California Administrative Code.
6. The Board has notified the discharger and interested agencies and persons of its intent to amend requirements for Estero Municipal Improvement District.
7. The Board, in a public meeting, heard and considered all comments pertaining to this discharge.
